Family Medicine  
Business Development  
Chief Operations

**Dr. Habiba Seidu-Fuseini FNP-C, EdD**  
Family Medicine  
Health Education Director

August 24, 2025

Dear Mr. Emmanuel Asiedu,

On behalf of the Ghanaian Community Health Clinic (GCHC), we extend our deepest gratitude for your extraordinary generosity and unwavering support. With your most recent donation of \$10,000, your total contributions now stand at an incredible \$30,000 — a true testament to your commitment to advancing the health and well-being of our community.

Because of your support, we have been able to purchase essential medical supplies, feed and sustain our volunteers, and continue offering free, high-quality, evidence-based healthcare services to those who need them most. Your generosity has made it possible for us to expand our services, introducing both a Travel Medicine Clinic and a dedicated Obesity & Weight Management Clinic, addressing two critical areas of need within our community.

We are currently blessed to operate from the Pentecost Church location, graciously provided to us complimentary, which allows us to maximize resources and focus more on patient care. Additionally, now that the clinic is officially registered under the Ghana National Council, we will save approximately \$500 per month on our Athena electronic medical records system — making us a nonprofit, fully community-operated clinic better positioned to serve our people.

Your contributions have touched countless lives and laid a strong foundation for a healthier, stronger community. We are truly honored to have you as a partner in this mission and look forward to sharing even greater milestones with you in the future.

With heartfelt appreciation,

*Dr. Eunice O. Cromwell*

**Dr. Eunice Otuwa Cromwell, DNP, FNP-C**  
Chief Operations Director
